

Pennsylvania Rural Water Association Loan Program

PRWA is able to offer you a competitively priced loan capable of financing any need a water or waste water system may have. We offer mortgage financing with flexible terms, construction loans, pre-construction loans designed to finance engineering and soft costs, working capital lines of credit, and equipment loans. Our loan program is designed around the concept that we do the work for you. The process starts with this one-page application and phone call to discuss your financing need. So, when your next project comes up, think of PRWA Financial Services. We have a simple Application, competitive rates, low closing costs, and fast response.

For information contact Joe Falcone at 800-653-7792 or jfalcone@prwa.com. To apply complete this form and fax to 814-353-9341.
